

## The Charity Foundation is about providing scholarships and supporting local charities.

As we emerge from the COVID pandemic, the UFCW and its 1.3 million members continue to work toward building better communities through our support of charities, scholarship programs, local food banks, disaster relief projects and other efforts.

Thanks to the generous donations from partners like you, we have been able to support many members and their children further their education along with making donations to various organizations. We hope you will continue helping us, our future, and the community.

**With your continued support, the UFCW will become an even stronger force for making our world a better place. Thank you!**
